March 2026 | Newsletter 1

Welcome to DiBoost-HB!

We are thrilled to introduce DiBoost-HB - Digital Boost for Health and Beauty Professionals, an Erasmus+ Small-Scale Partnership co-funded by the European Union. This 24-month project brings together four organisations from Portugal, Spain, Türkiye and Romania with a shared mission: to bridge the digital skills gap in the health and beauty sector and improve employability for professionals, students, and trainers across Europe.

What are we working on?

Digital Training Curriculum

Free, open-access resources for the health & beauty sector

Train-the-Trainer Programme

Upskilling educators to deliver high-quality digital training

Practical Workshops

Hands-on sessions in 4 countries, 120+ participants

Our Journey Begins: Kick-off Meeting in Porto

On 3–4 December 2025, the DiBoost-HB consortium held its Kick-off Meeting at the facilities of AFN – Academia Formação do Norte in Porto, Portugal.

Over two productive days, partners from Portugal, Spain and Romania came together to officially launch the project. The agenda covered the project overview and work plan, partner roles and responsibilities, financial and administrative management, and the project's communication and quality assurance strategy.

One of the highlights of Day 1 was a visit to AFN's health and beauty training facilities — a hands-on reminder of the sector we are working to support.

By the end of the meeting, all partners had signed the collaboration agreements and left with a clear to-do list and a shared sense of purpose. The DiBoost-HB project is officially underway!

What's next?

The consortium is now developing the Digital Transformation Curriculum — our first major output. Stay tuned!
